Dear Harry,

C.C.N.S.W. – SOUTH AMERICAN TOUR THANK YOU

Recently the Cricketers' Club of New South Wales undertook its first tour of the South American continent. This tour has been regarded as one of the most harmonious and friendly tours that the club has made in its long history.

The co-operation and collaboration of opposing clubs is crucial to the success of any cricket tour. The hard work and effort made by yourself and your Association was critical in making such games a possibility. It would be remiss of me not to convey immense gratitude for your great diligence.

All matches proved to be enthralling contests, with most games not determined until the death. These games were thoroughly enjoyed by all and played in excellent spirit. Your hospitality off the field was also exceptional. The club's lunch and post games catering were well received and regarded.

Our club had heard good reports about the emergence of Peruvian cricket. It was very pleasing to see several locals taking to the game. It was certainly a pleasure to play several closely fought matches upon such a picturesque oval.

A special mention is also reserved for your post match hospitality. An Australian record has been set for the number of topless arm wrestling photos loaded to any one internet site!

Throughout our tour, we experienced great hospitality and friendliness. This was encountered not only in Peru, but throughout all of South America. This is a magnificent reflection on the region and significantly contributed the enjoyment and success of the CCNSW tour.

If it were not for cricket, we would not have had the opportunity to enjoy a beer and each other's company. Please keep our club in mind if ever you choose to tour Australia. We hope to continue good relations with your Association and look forward repaying your hospitality.

Regards
